Profile

I am a qualified and professional web developer with three years of experience in database administration and website design. Strong creative and analytical skills. Team player with an eye for detail.

Work Experience

Jan 2022- Present
Landmark University Elite Group

Lead Person

I am a Computer Science student at Landmark University, graduating with first-class honors. I am eager to gain proficiency in practical skills, not just theoretical knowledge, encourage all student to learn and own a skill

2022-2024
Udemy

Student

Learning and Mastering technologies relevant to building web application, designs, database managements.

Jan 2024
Phone shop Management system

I designed a phone repair management system for shops, this help to track customers needs and assign each device to a particular employee with different priviledges.

Aug 2024
Food-delivery app

Am currently designing and building a food-delivery web application, this application shows the assorted food available to the customers, also enabling the customers to order food, saving it to their cart.
